 T.S. (Bass)
 M.P. (Drums)

horresque

It is the abysses of the human mind; it is man's cruel and vile nature that fuels all that is HORRESQUE.

Grim and powerful, highly energetic Blackened Death Metal with a unique twist of double-guitar melodies, inexorable and powerful drumming and devilish vocals, Horresque don't sound like everyone else. The Lyrics are the real deal – authentic stories put the Chasms of the human Psyche on unadorned display.

HORRESQUE's Guitarist S. D. is a member of infamous German Black Metal band 'Nocte Obducta', Egyptian Death Metal Act 'Crescent', 'Slidhr', and works as live musician for bands like 'Los Males del Mundo' or 'Heretoir'.

Singer M.R. has been torturing his vocal chords for the German Death Metal Powerhouse 'Discreation'.

After putting out a three-song demo in 2016, the Band's debut Album 'Chasms Pt. I – Avarice and Retribution' was released by The Crawling Chaos Records from Cologne, Germany in February 2020. During Covid19, the band filmed a 30-Minute DIY-Livevideo called 'Live Chasms' that was published in cooperation with Metal Injection and was Part of the Finale of the 'Slay at home'-Series.

HORRESQUE have made a name for themselves as a relentless and powerful Liveact. Gigs in support of bands like Afsky, Desaster, Deserted Fear, Downfall of Gaia, Fleshcrawl, Gaerea, Grima, Imperium Dekadenz, Kanonenfieber, Thron, Thulcandra and Uada are already under their belt. Horresque played Events like Heidelberg Death Fest, Partysan Herbstoffensive and De Mortem et Diabolum.

The sophomore full-length 'Chasms Pt. II – The Devouring Exorbitance' was recorded at Woodshed Studios in Landshut under the masterful hands of Victor Santura. Coverart and Layouting was done by Irrwish Artdesign.

Like the Debut, the lyrical concept hints at the seven deadly Sins – Chasms Pt. II – will focus of Gluttony, Lust and the very worldly trait of the abuse of Power.

'Chasms Pt. II – The Devouring Exorbitance' will be released on March 22nd, 2024 via SUPREME CHAOS RECORDS.
